To The Trade:

We wish to take this opportunity to thank each of our customers who have favored us this past season.

In our past four selling years we have made many new friends, and we feel sure that they are satisfied ones. You all have made it possible for us to say, "WE ARE HERE TO STAY".

Our aim is to give our customers the highest quality nursery stock at the lowest possible prices, as we have showed up to this time. We have been on the buyers side a good many years and we know the advantage of good quality stock and most important, "LOW" prices.

We invite comparison of our stock in hope that you can see that there is no difference in quality.

No order is considered too small. It will receive the same careful attention as our large ones. We know from experience that your small orders will be repeats.

Thank you,

Walter J. Kostro

Nicholas Nazzaro
